

BARNSORB® MATERIAL SPECIFICATIONS

Materials:

Great Lakes Aspen

Description:

BarnSorb cattle bedding is a finely ground all natural Great Lakes Aspen that is primarily used as a bedding material under cattle and placed in gutters to absorb liquids. BarnSorb helps keep animals clean and dry. BarnSorb is not suitable as bedding or whelping material for small animals because they may be subject to health problems when using this product as a nesting material over a period of time. BarnSorb is packaged in Kraft paper bags and is available by the bag and in truckload or less than truckload quantities. BarnSorb can be ordered palletized if desired. Product shall be Manufactured in the U.S.A.
