**New Development with
Curlex SiltTRAP**

Curlex SiltTRAP from American Excelsior is made with all-natural Curlex Great Lakes Aspen excelsior fibers. Curlex SiltTRAP provides superior sediment control without blocking access to the job site like silt fence. Curlex SiltTRAP encourages vegetation growth and protects the soil. Unlike silt fence that must be removed and thrown away, Curlex SiltTRAP can be left in place and adds no plastic waste to our landfills. Give your site a clean, finished appearance with Curlex SiltTRAP.
