

THE MOST TRUSTED NAME IN EROSION CONTROL

Curlex[®] NetFree[™]

Public Park and Shoreline Restoration

Curlex[®] NetFree[™] was selected for this public park project located along a beautiful shoreline. Curlex[®] NetFree[™] is made from natural Great Lakes Aspen excelsior fibers. Curlex[®] NetFree[™] protected the seedbed and provided optimal growing conditions for the many native plant species chosen to return this area to natural conditions.
